WHITESIDE COUNTY
TRACTOR DRIVE
AGRICULTURE IN THE CLASSROOM

Monday, August 14, 2023

Tractors from all over the region will converge on the Whiteside County Fairgrounds for this one-day event. Drivers meander rural backroads and enjoy a hearty lunch while supporting agriculture education.

Commitment must be received by May 31, 2023, to be included in all tractor drive promotions. We welcome sponsors to engage in-person and through collateral promotions. Please contact to discuss.

kids
Summer Camps

Originating in 2015, Farm Camp provides hands-on learning experiences for kids, utilizing resources from the Agriculture in the Classroom program. We hire college students with an interest in teaching kids about agriculture to coordinate the camps. Combine these resources with field trips to different farms and you get a well-rounded learning experience. Shear sheep, milk a cow, drive a tractor... our campers have done it!

Junior Vet
UNIVERSITY

So what's does a veterinarian do each day? Junior Vet University is a one-day camp that introduces kids to various aspects of being a vet. Practice CPR on a dummy dog, learn how to properly wrap a wound, put together your own pet first aid kit, learn from an actual vet about the tools used when visiting a farm, and learn how to suture a wound on an "injured" banana. These were just some of the hands-on activities campers participated in during JUVU 2022.

EVENT PARTNER
\$500

(\$250 for each event)

Commitment must be received by March 31, 2023 to be included in 2023 camp promotions. We welcome sponsors to engage in-person and through collateral promotions. Please contact to discuss.

**WE NEED
YOUR HELP!**

Whiteside County **AGRICULTURE** in the ClassroomSM

Emerging from a pandemic, we learned just how much teachers and students missed having in-person learning opportunities. The demand for Agriculture in the Classroom is at an all-time high! The number of classrooms visited during the school year has increased from 59 during 2021-2022 to 80 classrooms during the 2022-2023 school year.

It's time to grow! We are planning to add a second part-time coordinator. Your support will allow our education coordinators to maintain our current classrooms while working to add more schools and classrooms across the county.

Connecting kids with **AGRICULTURE**

2021-2022 School Year Stats

391
classroom education
programs conducted

7,967
students attended
an AITC program

137
